# ABOUT OUR COMPANY

Tahmid Construction and Engineering Corporation (TCEC) is a trusted construction firm providing reliable and sustainable engineering solutions across Bangladesh.

We specialize in steel structures, real estate development, dredging, and major infrastructure projects, focusing on quality, safety, and innovation.

Our mission is to build long-lasting structures and relationships by delivering excellence, integrity, and value in every construction project we handle.

# ABOUT OUR BUSINESS

TCEC provides complete engineering and construction services, delivering reliable solutions for industrial, commercial, and public infrastructure projects nationwide.

We ensure quality design, efficient execution, and timely project delivery through expert teams, advanced technology, and strong client collaboration.

# ABOUT OUR CREATIVITY

We combine modern engineering concepts with creative design approaches to develop innovative, efficient, and visually appealing construction solutions.

**Our creative team ensures every project reflects smart design, sustainability, and functionality, carefully integrating innovative solutions, modern aesthetics, and practical efficiency to meet today's architectural and environmental standards.**

## ABOUT OUR **TARGET**

Our main target is to become a leading infrastructure developer in Bangladesh by providing world-class construction services that shape smart cities and strong communities.

## ABOUT OUR **GOAL**

To deliver safe, high-quality, and on-time construction projects while building lasting relationships with our clients through honesty, reliability, and professional excellence.

# MISSION

- Deliver projects with superior quality and precision.
- Build long-term partnerships with clients.
- Empower our team with technology and training.
- Promote eco-friendly and efficient construction practices.

# VISION

- To become Bangladesh's most respected and trusted construction company, known for quality and reliability.
- To lead through innovation and engineering excellence, setting new industry standards.
- To promote sustainable growth and community development nationwide.

# WE MARK OUR CLIENT AREA

TCEC proudly serves clients across Bangladesh, focusing on major industrial, residential, and government infrastructure development zones.

Our projects extend throughout Dhaka, Chittagong, Khulna, Rajshahi, and emerging regions, supporting national growth through reliable construction and engineering excellence.

# KNOW OUR KEY SERVICES

1. **Steel Structure Building** – Fabrication and installation of industrial-grade steel buildings.
2. **Real Estate Development** – Residential and commercial property development.
3. **Dredging & Sand Filling** – Waterway development and land reclamation.
4. **Culvert, Bridge, Road & Highway Construction** – Infrastructure and public works.
5. **Construction Machinery Supply & Rent** – High-quality equipment for construction support.

# **STEEL STRUCTURE BUILDING**

**DESIGN AND INSTALLATION OF DURABLE, INDUSTRIAL-  
GRADE STEEL STRUCTURES**

## ABOUT OUR **OVERVIEW**

TCEC is a leading provider of industrial-grade steel structure buildings, offering customized solutions for factories, warehouses, and commercial spaces.

We ensure strong foundations, durability, and precise engineering.

## ABOUT OUR **KEY FEATURES**

- Pre-engineered steel design
- Weather and corrosion resistance
- Cost-effective and quick installation
- Flexible designs for industrial and commercial use

## CONSTRUCTION PROCESS

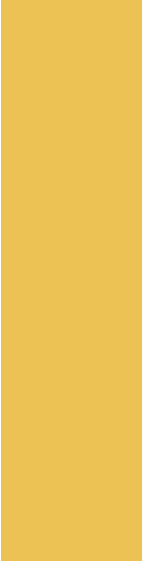

- Site inspection and load analysis
- 3D modeling and structure design
- Fabrication and on-site assembly
- Quality control and final inspection

## PROJECT HIGHLIGHTS

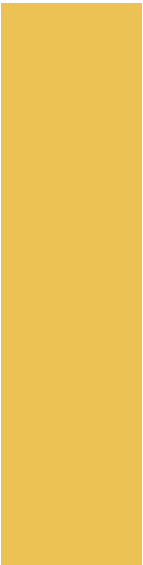

- Completed 100+ industrial steel buildings nationwide
- Major clients include leading textile and logistics companies
- Recognized for safety and engineering reliability

# **REAL ESTATE DEVELOPMENT**

**RESIDENTIAL AND COMMERCIAL PROPERTY DEVELOPMENT**

## OVERVIEW

TCEC's Real Estate Division focuses on residential, commercial, and mixed-use development projects.

We combine architectural excellence with sustainable design principles.

## KEY FEATURES

- Smart building designs with modern interiors
- Eco-friendly construction materials
- Energy-efficient lighting and ventilation
- Strategic urban planning and aesthetics

## DEVELOPMENT PROCESS

- Land acquisition and feasibility study
- Concept design and layout planning
- Construction and quality supervision
- Marketing, handover, and after-sales service

## PROJECT HIGHLIGHTS

- Developed residential complexes in Dhaka and Chittagong
- Commercial towers with advanced fire safety systems
- Client satisfaction rate above 95%

# **DREDGING & SAND FILLING**

**WATERWAY DEVELOPMENT AND LAND RECLAMATION.**

## OVERVIEW

- TCEC performs dredging and land reclamation to support Bangladesh's river management and land development needs.
- We use modern equipment and environmentally safe techniques.

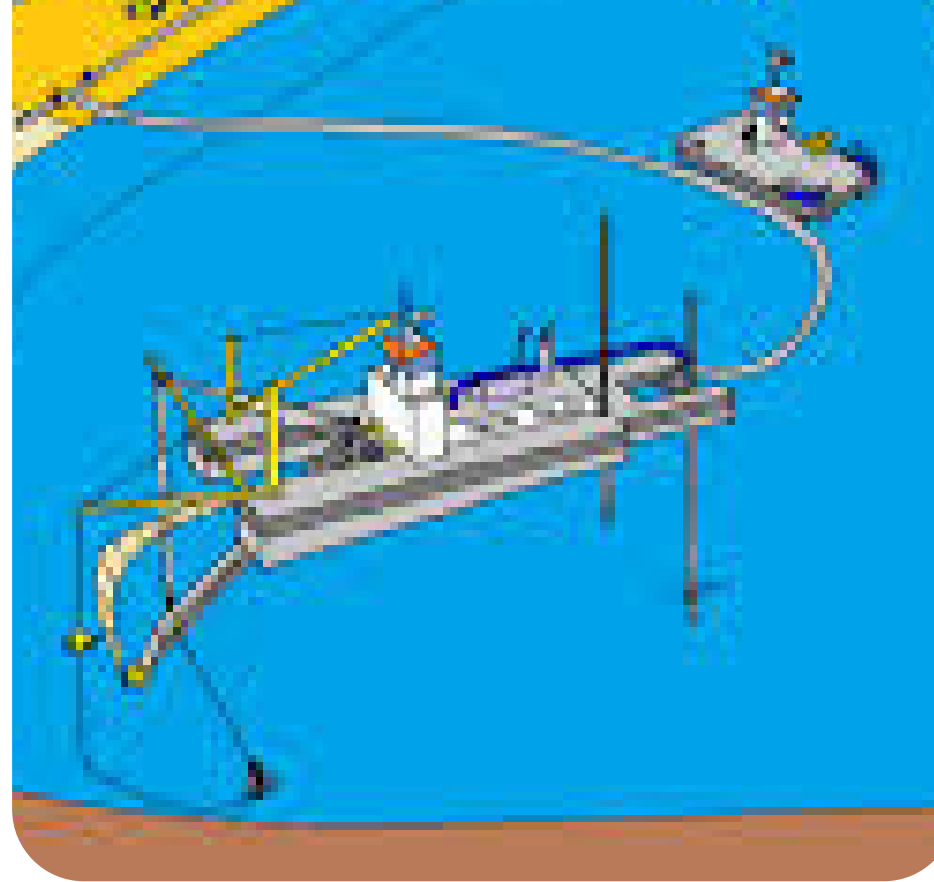

## KEY FEATURES

- Deep and shallow water dredging capability
- Riverbank protection and channel formation
- Land reclamation for construction and agriculture
- 24/7 monitoring and environmental compliance

## PROCESS

- Survey and mapping of dredging area
- Deployment of dredgers and pumps
- Continuous sand filling and compaction
- Final testing for stability and safety

## PROJECT HIGHLIGHTS

- Completed river dredging projects for government bodies
- Reclaimed over 500 acres for residential development
- Zero environmental violation record

# **CULVERT, BRIDGE, ROAD & HIGHWAY CONSTRUCTION**

**INFRASTRUCTURE AND PUBLIC WORKS.**

## OVERVIEW

- TCEC designs and builds durable transportation infrastructure that connects cities and communities.
- We specialize in bridges, culverts, highways, and urban roads.

## KEY FEATURES

- Use of high-grade concrete and steel
- Advanced soil testing and survey methods
- Traffic flow and drainage planning
- Earthquake and flood-resistant structures

# CONSTRUCTION PROCESS

- Preliminary design and site analysis
- Piling, reinforcement, and concrete work
- Asphalt paving and finishing
- Final inspection and project delivery

## PROJECT HIGHLIGHTS

- Completed multiple government road projects
- Partnered with LGED and RHD
- 100% on-time project delivery record

# **CONSTRUCTION MACHINERY SUPPLY & RENT**

**HIGH-QUALITY EQUIPMENT FOR CONSTRUCTION SUPPORT**

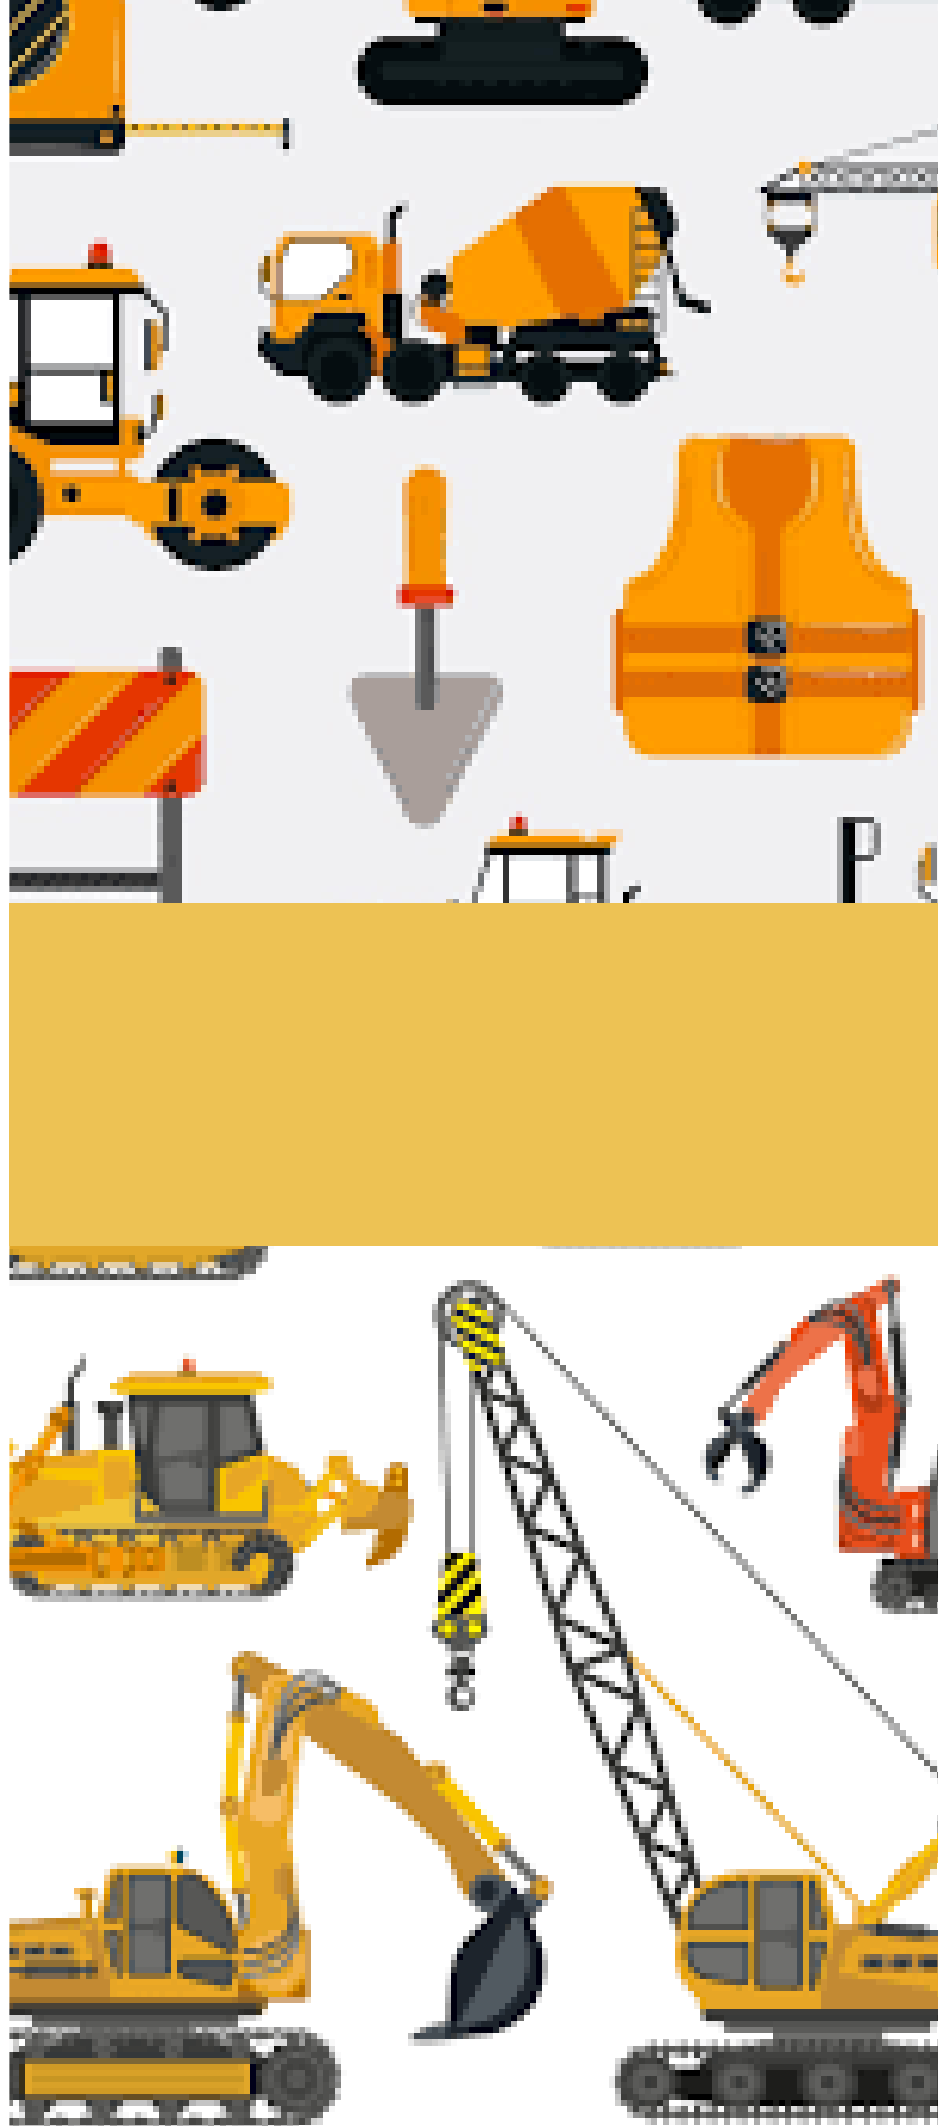

## OVERVIEW

TCEC supplies and rents premium construction machinery to contractors and developers nationwide.

Our fleet includes cranes, excavators, bulldozers, and mixers.

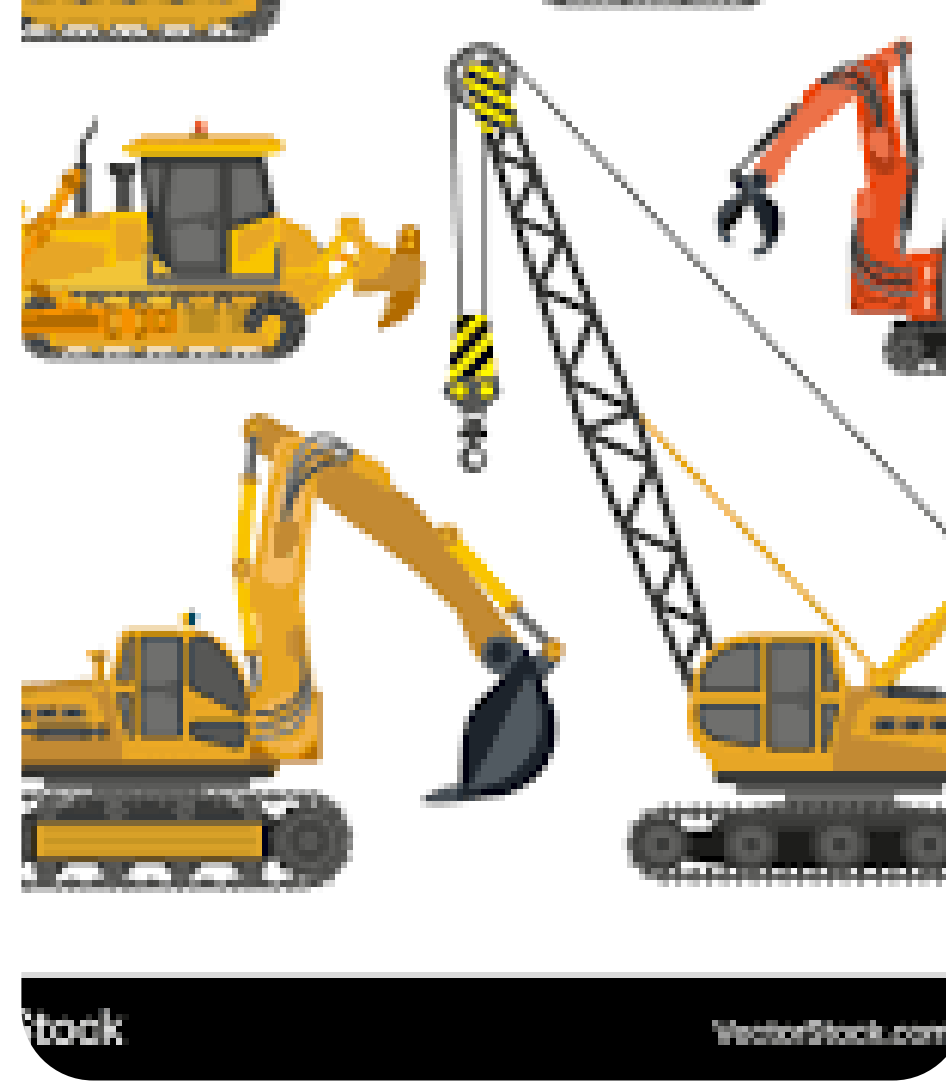

## KEY FEATURES

- Wide range of modern machinery
- Affordable short- and long-term rental options
- Expert operators and maintenance support
- On-site delivery within 24 hours

## SERVICE PROCESS

- Client consultation and equipment selection
- Delivery and setup at project site
- 24/7 technical support and maintenance
- Equipment return or extension scheduling

## PROJECT HIGHLIGHTS

- Supported over 200 projects with reliable machinery
- Partnered with leading construction firms
- Maintained 98% uptime rate on all equipment

# ABOUT OUR WORK MENU

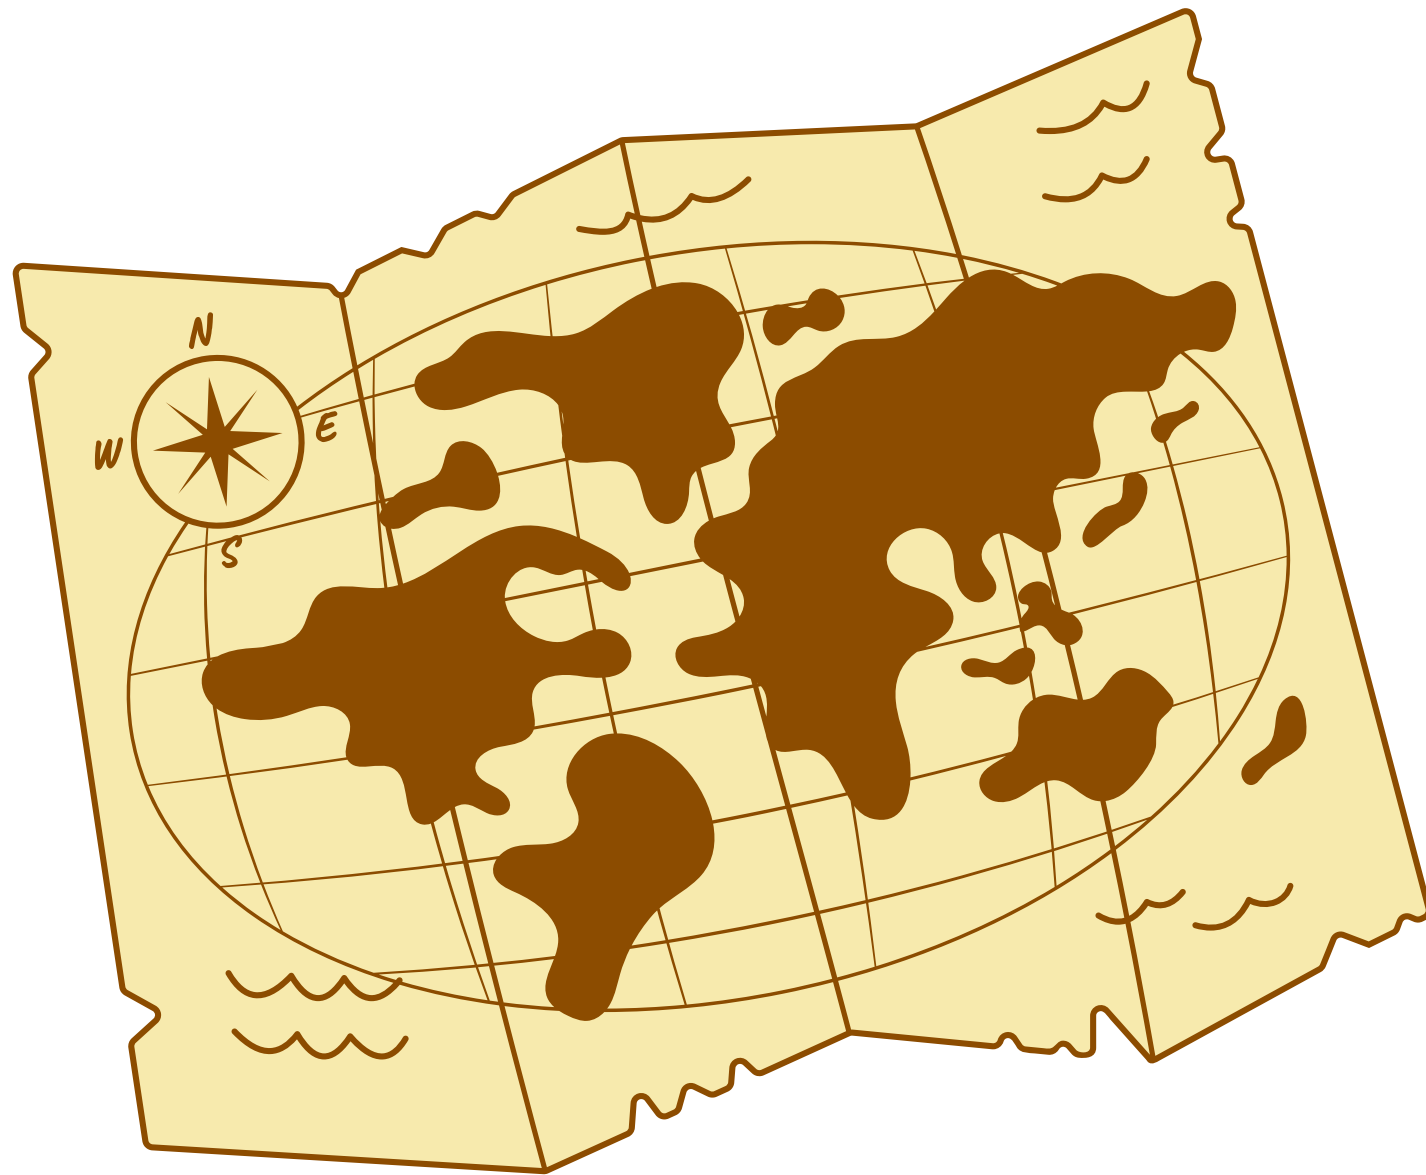

Our work menu includes project planning, architectural design, structural development, and supervision to ensure strong and durable construction outcomes.

We manage every phase from site preparation to final inspection, maintaining strict quality control and on-time project completion.

TCEC focuses on safety, innovation, and client satisfaction, delivering complete engineering solutions tailored to industrial, commercial, and residential needs.

# HEAD OF OUR **BUSINESS**

Guided by a team of highly skilled engineers and seasoned professionals, our management upholds the highest standards of technical excellence and ethical leadership in every project we undertake. With a strong focus on innovation, quality, and integrity, we ensure that each initiative reflects our commitment to excellence and sustainable development. Our experts bring years of hands-on experience across diverse sectors, enabling us to deliver reliable, efficient, and future-ready solutions. By combining modern engineering practices with transparent management, we consistently achieve superior results that exceed client expectations and contribute to long-term growth in every venture we execute.

## ABOUT OUR **OFFICE RULES**

- TCEC strictly follows corporate policies based on honesty, discipline, safety, and compliance with national construction and labor regulations.

- We maintain transparency, punctuality, and teamwork in every project, ensuring professionalism and accountability across all departments and operations.

# OUR HARDWORKING WORKER DETAILS

Our success is driven by a dedicated team of engineers, architects, technicians, and skilled workers ensuring project excellence.

Each worker is trained in safety, quality control, and modern construction techniques to maintain world-class standards in every project.

Their teamwork, commitment, and integrity reflect TCEC's values, building trust and delivering outstanding results for every client and project.

# THANK YOU

---

Thank you for choosing Tahmid Construction and  
Engineering Corporation (TCEC).  
Your trust builds our foundation.
